

2022

ICNS

International Conference
on Neutron Scattering

21-25 AUGUST | BUENOS AIRES - ARGENTINA

SAVE THE DATE

On behalf of the Continental Organizing Committee, we are pleased to announce that the International Conference on Neutron Scattering 2022 (ICNS 2022) will take place in Buenos Aires, Argentina, from

August 21 to 25, 2022.

ICNS 2022 will be the 12th conference in a series held every four years starting in 1982, including most recently ICNS 2009 in Knoxville, USA, ICNS 2013 in Edinburgh, UK, and ICNS 2017 in Daejeon, Korea. The ICNS 2022 will be the largest international platform for sharing and exchanging the latest exciting advances in neutron scattering science, including a broad range of topics.

SCIENTIFIC PROGRAM

Topics at the conference will include:

- Soft Matter
- Biology and Biological Interfaces
- Condensed Matter Physics
- Magnetism and Thin Films
- Solid State Chemistry
- Life Sciences
- Energy and Engineering Materials
- Functional Materials
- Industrial Applications
- Cultural Heritage and Archaeometry
- Neutron Physics
- Neutron Sources and Facilities

We understand that life is uncertain right now due to the COVID-19 pandemic, but we hope that everything could go back to some kind of normality next year, and we are planning accordingly. While we remain optimistic that an in-person ICNS 2022 will take place, a preparation for some degree of virtuality is also under consideration. Depending on the evolution of the worldwide situation, we may have to make critical decisions in the next few months, which may have implications on the format of ICNS 2022.

CONFERENCE HOST

Asoc. Técnicas Neutrónicas Argentina

CONFERENCE CHAIR

Rolando Granada
CNEA, Argentina

INTERNATIONAL COMMITTEE CHAIRS

ADVISORY: **Jamie Schultz**, ANSTO Australia
PROGRAM: **Astrid Schneidewind**, MLZ Germany

CONTINENTAL COMMITTEE CHAIRS

Rolando Granada, CNEA Argentina
Despina Louca, University of Virginia, USA

Sponsorship opportunities:

ICNS 2022 has space available for sponsors interested in setting up booths and connecting with the international neutrons scattering experts at the conference. Interested potential sponsors please contact the organizing committee at the email below.

A website dedicated to the conference will be operative soon.
